Looking to secure a role that applies my technical expertise in RPA, C#, Java, Python, and data analysis to automate business processes, improve operational efficiency, and enhance productivity, and deliver high-impact results.

Skills / Strengths

- Problem solving and critical thinking
- Time Management
- Teamwork
- Self-efficacy

- Agile methodologies
- HTML, CSS, JavaScript
- Python, R, Tableau
- C#, Java, MySQL and MongoDB
- React.js, Node.js, Angular.js, Flutter
- Restful API, Fast API

Experience

02-05-2023 – 29-05-2024

Junior Software Developer
S B V SERVICES (PTY)LTD

- Implemented Automated Testing Framework: I spearheaded the implementation of an automated testing framework using Python and Selenium, reducing manual testing efforts by 40%. This framework ensured more reliable software releases and faster identification of bugs during development cycles.

- Collaborative Project Management: I collaborated with cross-functional teams to deliver complex projects under tight deadlines. By leveraging Agile methodologies and tools like Jira, I facilitated transparent project tracking and streamlined communication, ensuring project milestones were met efficiently.

	● Collaborated with Cross-Functional Teams: I worked closely with senior developers, project managers, and other stakeholders to ensure the successful delivery of projects. My collaborative efforts contributed to the timely and efficient completion of several key projects, including the rollout of new features for internal tools that streamlined workflow processes. ● Developed and Maintained Software Solutions: I contributed to the development of key software applications such as Steerco and maintenance of systems like SIMS, ISA, etc. ensuring they met the business requirements and ran smoothly. I worked on a ticketing system that prioritized issues based on urgency using Java, which resulted in a 30% reduction in average ticket resolution time. •
05-01-2023 – 01-01-2024	**SEO Specialist** ORT SA ● I played a key role in optimizing application performance by identifying and resolving inefficiencies in code and database queries. This initiative resulted in a 20% improvement in application response time, enhancing user experience and overall system efficiency. ● I conducted comprehensive SEO audits for various websites, identifying technical issues, content gaps, and backlink opportunities. By implementing targeted SEO strategies, I improved organic search rankings and increased website traffic by 30%. ● I developed detailed SEO reports using tools like Google Analytics and SEMrush, providing actionable insights to stakeholders. My reports highlighted key performance metrics and recommended strategies for ongoing optimization.
09-09-2024 – Present	**Full Stack Developer** Umuzi Bootcamp ● Gained skills in front-end and back-end development, database management, and API design. learnt how to build web applications using popular frameworks and libraries such as React, Angular, and Node.js. ● Learnt about Agile development methodologies, including Scrum and mostly Kanban. learn how to work in an Agile environment, including how to prioritize tasks, manage workflows, and collaborate with team members. ● strong emphasis on soft skills, including communication, teamwork, and problem-solving. Students learn how to work effectively in a team, communicate technical

🎓 Education

2025	Bsc Degree, International University of Applied Science Germany, remote ● Bsc in Cybersecurity ● Currently pursuing the 3 years degree program with IU.
2024	Professional Certificate, Google Remote ● Google Data Analytics Professional Certificate ● Google Business Intelligence Professional Certificate

Training and Certifications

2022-2024

Training/Certificate Name, Institution

- *Software Engineering Job Simulation Certification, Standard Bank.*
- *Data Analytics Job Simulation Certification, Accenture.*
- *Management Consulting Job Simulation Certification, PWC.*
- *Solutions Architect Job Simulation Certification, AWS*
- *Foundational C# Cert., FreeCodeCamp*

- *Responsive Web Design Cert., FreeCodeCamp*
- *Java Programming Certification, Solo Learn*
- *Web Development Certification, Solo Learn*
- *C# Development Learning Path Certification and Badges, Microsoft Learn*
- *Java Programming Certification, Udemy*
